**Marita chair**  
W555 x D560 x H680 x SH450mm

The Marita Chair is more than what meets the eye. Light and strong, this chair was birthed from a fusion of ideas and materials. Northern European classic design, the flexibility of plywood, the strength of solid wood, chair & armchair features, and the idea for a new challenging chair – all these merge to deliver a singular chair. Marita would feel at home in both residential and contract environments.

Move and place it anywhere indoors where a seat is needed and it won't look out of place. A frame of either beech or solid oak gives the chair its strength and sturdiness. Comfort is also assured with the soft, upholstered back and seat.
