WHO WE ARE

HAVEN+ is the sub brand of KIAN that provides total furniture solutions to the Hotels & Accommodations industry with Value Engineering as its core specialty. We offer flexible, as well as comprehensive packages that can be tailored to your required budgets and styles. Or if you prefer, we also provide project management services where we oversee your project from end to end.

KIAN is a global market leader in the furniture industry with decades-long experience. We're leading the field because we've invested time in listening to the particular needs of our customers and can be relied on to come up with solutions for them. As an intelligent furniture solutions provider that exports to over 100 countries worldwide, we design, manufacture and directly supply to the commercial and residential sectors. KIAN has a worldwide logistics network with storage facilities and skilled local teams to service customers.

YOUR BENEFITS

01 OUR ECOSYSTEM

A trusted brand with global capabilities, we at Haven+ aim to provide our customers with nothing but the best.

02 HUBS WITH SUPPLY CHAINS

With over 40 years of industry experience, we have developed a global network to better serve our customers from around the world.

03 AFFORDABLE PRICE

We believe that brands always deserve better. By value engineering our products, our customers will have access to high-quality furniture at affordable prices.

04 PROJECT MANAGEMENT & LOCAL SERVICE

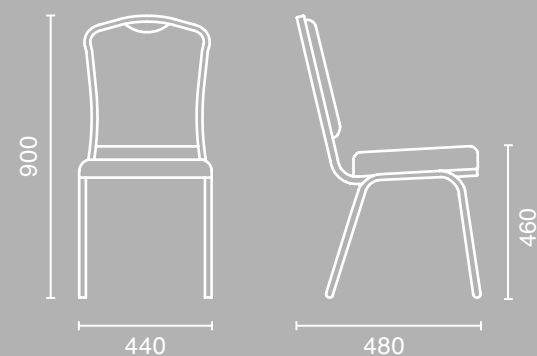

From A to Z, let us handle the project management of your business. We even provide a localised service from wherever you are in the world.

CHAIRS

Built for comfort and functionality, our chairs are perfect for mobile and fast-paced environments. The chair frames are robotically welded with a powder coated finish, giving it durability for continuous use. The seat and backrest are also upholstered with high density foam for long-lasting plushness. Stackable up to 10 units to save space, our chairs also feature heavy-duty studs on the legs to provide stability while stacked and prevent gliding on uneven surfaces.

LUFFI MILD STEEL STACKING BANQUET CHAIR

Frame:

- 19 x 19 x 1.2 thickness (mm)

Features:

- Robotic welded chair frame with powder coated finish.
- Moulded high density seat foam without exposed backrest.
- Heavy-duty studs 8 nos and 4 nos chair leg glides
- Stack up to 10 chairs.

TABLES

Convenience for any occasion. Our wide range of tables ensure long-lasting usage with their sturdy leg base that has been reinforced with additional support bars. The tables also come with a leg folding spring mechanism that allows for stacking and easy manoeuvrability. Additionally, heavy-duty nylon studs have been installed to the table legs to prevent falling when folded and prevent gliding on uneven surfaces.

LUFFI BANQUET
TABLE

TABLETOP

- Bonded artificial white vinyl top
- 18mm plywood base with heavy-duty T-Mould PVC edging all around
- HPL laminated tabletop option available

TABLE BASE:

- Size: W30mm x D30mm x thickness 1.2mm
- Mild steel black powder coated finish with anti-rust treatment

FEATURES

- Reinforced leg base with additional support bars
- Heavy-duty folding spring leg mechanism
- Heavy-duty nylon studs riveted for stacking
- Non fall out adjustable leg glides for uneven flooring

Safety catch lock to ensure the base secured in position and to prevent the base from reopening after folded.

Additional handle to ease lifting the table

PVC studs protects the leg frame when stacked together
