### *COUNTRY COLLECTION*

Four different designs show off how the Country Chair can look the same, and yet not be the same. Country I is simple and distinctively Italian in feel. Country II's single broad vertical addition to the backrest is reminiscent of a Ming chair from China's past. The angled wooden spokes of Country III recall the furniture style of England, and the classic look of Country IV is evocative of Denmark's furniture. All four designs of the Country Chair have Side Chair, Arm Chair and Barstool versions. Non-stackable.

### UNIQUE CURVED FRAME

Made from a single piece of solid wood for stability and strength. A unique curve in the leg shows clever craftsmanship.

### STURDY BACKREST

Have peace of mind when resting against the backrest that's crafted from a single solid wood panel which ensures durability.

### COUNTRY I

Aptly named the Country chair, it's a clear example of how the same design can be adapted to suit different cultures and styles by changing only slight details such as the backrest. Country's easy adaptability allows distinctive features of different cultures to be incorporated into the design as the chair crosses borders from Europe to Asia. Country I is distinctively Italian in feel.

**COUNTRY II**

Four different designs show off how the Country chair can look the same, and yet not be the same. Country II, for instance, is reminiscent of a Ming chair from China's dynastic past. All it takes is a single broad vertical addition to the backrest to give it an Oriental flavour.

### COUNTRY III

It's the same sturdy frame. Simply exchange the vertical backrest for some wooden spokes, angle them for a different effect, and a new version of the chair is born. Country III recalls the furniture style of England.

#### COUNTRY IV

The more classic-looking Country IV, evocative of Denmark's furniture, is achieved by dovetailing the slants of the wooden spokes towards the seat of the chair. Every version of the Country chair is available as a side chair, arm chair and barstool. There are also six solid colours from which to choose. Non-stackable.
