JEAN & HOOK

Design Enrique Martí

Jean chair

W480 x D600 x H770 x SH450mm

Packing: 0.250m³, 2pcs/ctn

The Jean Chair is an elegant piece of furniture that allures you with its Parisian charm. Paying homage to the classic Jean Prouvé design, the Jean Chair features the iconic oversized back legs, but with new added twists to the design in size and materials. The result is a comfortable upholstered wooden chair that is suitable for any indoor environment, an instant classic in any collection.

Light, simple, attractive and all-purpose, the Hook chair is a natural choice for almost all occasions and settings. Additional stitching on the upholstered back and seat gives Hook its own unique personality. A choice of eye-catching coloured fabrics and solid beech or oak legs further widen the appeal of this versatile chair.

Hook chair

W435 x D555 x H830 x SH450mm

BUONA

Design Enrique Martí

From the simple chair to the comfortable wraparound arm chair with an extended backrest, each of the four versions of the Buona Chair has a sturdy shell of plywood board, luxuriously upholstered in fabric. Slender legs of solid wood add elegance to an attractive chair that will fit indoor environments where a touch of refinement makes a world of difference.

Buona chair

W560 x D550 x H785 x SH475mm

Packing: 0.270m³, 1pc/ctn

Packing: 0.300m³, 1pc/ctn

Gajah lounge chair
W740 x D860 x H800 x SH425mm
Packing: 0.600m³, 1pc/ctn

Pinna chair
W600 x D620 x H740 x SH450mm
Packing: 0.300m³, 1pc/ctn

Pinna lounge chair
W820 x D930 x H840 x SH430mm
Packing: 0.710m³, 1pc/ctn

Everything is big about this chair. Like its name implies, the Gajah Chair (*gajah* means 'elephant' in the Malay language), offers an invitingly deep seat and a generously wide back, complete with two wings that resemble an elephant's huge ears. This fully assembled chair sits on a solid beech wooden frame while the Lounge version has a metal mild steel frame.

Simple Nordic designs describe the Pinna series of chairs. Sit snugly within the cosy confines of the Pinna Chair, surrounded by upholstered sides, backrest and an integrated cushion. The fine, tapered legs of solid beech or solid oak wood highlight the chair's elegance. Pinna is an easy fit with any restaurant decor, whether modern, vintage, hi-tech, romantic or country. Or sink into the great comfort of the Lounge Chair version. The more informal tone of the Lounge Chair version makes it just the thing to have in meeting rooms as well as hotel lobbies and rooms.

BLOW & CADY

Design Enrique Marti

If extreme comfort is uppermost in your mind when choosing a chair, then you can't go wrong with the Blow chair. The designer had striven to make it "the most comfortable upholstered chair in the world". Elegant and voluptuous in volume, rounded and modern in design, Blow is in a class of its own. Its ability to be stackable up to three units is an added bonus. Both side chair and arm chair are available in solid beech and oak.

Upholstered comfort, light for its category and stackable up to three chairs, the Cady has all the features that make this chair a popular item to have on hand for any indoor setting. The low rounded backrest with soft surround snugly cradles and supports the back.

Blow chair
W520 x D585 x H780 x SH450mm
Packing: 0.470m³, 2pcs/ctn
Stackable

Blow arm chair
W590 x D585 x H780 x SH450mm

ÓPERA

Design Enrique Martí

Ópera lite chair

W500 x D545 x H820 x SH450mm

Packing: 0.421m³, 2pcs/ctn

Ópera chair

W500 x D545 x H820 x SH450mm

Packing: 0.421m³, 2pcs/ctn

Clearly designed along the classical lines of the past, Ópera fills the gap between the high-end, elegant chair and the pure wooden chair. The luxuriously upholstered back and seat sit on solid beech or oak legs. This non-stackable chair is available as a side chair, with and without the cut-out in the backrest.

Premium Wood Colours:

Solid Timber:

Fabric Standard Colours:

GILDA

Design Enrique Martí

Gilda chair
W500 x D500 x H760 x SH450mm
Packing: 0.430m³, 2pcs/ctn

Gilda arm chair
W545 x D560 x H760 x SH450mm
Packing: 0.300m³, 1pc/ctn

Gilda barstool
W475 x D520 x H940 x SH760mm
Packing: 0.300m³, 1pc/ctn

In the Gilda, the familiar always-in-vogue upholstered chair evolves into an item with its own distinct identity. Wood is given a more central role and a thicker back and seat add extra plushness and comfort. Gilda's neutral design gives it the advantage of easily fitting into any environment. The collection consists of a side chair, arm chair and barstool and is non-stackable.

NEO & CLARC

Design Enrique Marti

Neo 2-seater sofa

W1940 x D905 x H840 x SH450mm
 Packing: 1.710m³, 1pc/stack
 Available in 1-seater & 3-seater

Fancy feeling cosily suspended in midair when sitting or lying down? Like big cradles, the 1-seater, 2-seater and 3-seater in the Neo Collection all seem to dangle weightlessly in the air, supported at both ends by legs of sturdy teak wood or powder coated steel. Wide armrests easily balance a drink or a book. The Collection is constructed on solid wood frames with upholstered foam cushions.

MOSAICO

Design Enrique Martí

Every public space has its own constraints and needs. The modular Mosaico collection admirably meets those needs with its attractive and versatile design. Have fun pairing, joining and positioning variously shaped and sized sofas, backrests, small trays/writing table, colours and textures. The possible combinations of just a few pieces of furniture seem almost limitless. The Mosaico collection is a natural choice for the public spaces in malls, hotels and student campuses.

Polly chair

W510 x D540 x H750 x SH450mm

Packing: 0.340m³, 2pcs/ctn

Polly arm chair

W590 x D550 x H750 x SH450mm

Packing: 0.260m³, 1pc/ctn

Distinctly oriental in flavour, the Polly Chair echoes both traditional Japanese and Chinese furniture styles and the shared emphasis on nature and simple shapes. The roughhewn tree branches used in ancient furniture-making are replaced by a modern frame of refined solid beech, with polyester webbing for the seat.

Solid Timber:

COUNTRY I

Design Enrique Marti

Country I chair
W510 x D545 x H790 x SH450mm
Packing: 0.327m³, 2pcs/ctn

Aptly named the Country chair, it's a clear example of how the same design can be adapted to suit different cultures and styles by changing only slight details such as the backrest. Country's easy adaptability allows distinctive features of different cultures to be incorporated into the design as the chair crosses borders from Europe to Asia. Country I is distinctively Italian in feel.

TAURO, DOJO & DANA

Design Enrique Martí

East meets West in the Dojo Chair. The purity of the chair's design reflects both Japanese and Scandinavian furniture traditions which respect the beauty of nature and honour the skill of craftsmen who coax the highest value out of natural materials. The Dojo Chair has a solid beech or ash frame and a shell of bentwood and beech or ash veneer. Rounded edges, curved surfaces and a wide seat combine to present this timeless classic.

With soft sensual curves in all the right places ranged up against the solid straightness of a strong frame, this reinterpretation of a Scandinavian classic design has an arresting presence. Dana's beguiling allure is heightened by its petite build and lightness of weight. Dana is available in beech. Non-stackable.

ZEAT

Design Hans Thyge & Co

ZEAT

Design Hans Thyge & Co

Out of the rich Scandinavian design traditions comes the Zeat Chair. Its charm lies in its utter simplicity. Zeat is minimalist in design, but still sports small details and refined curves that give the chair a distinct character. Made of mild steel, its lightness is one of its key strengths. Another is that there are different versions of the Zeat Arm Chair to cater to different moods and styles, especially in the F&B and hospitality fields. Both stackable and non-stackable versions of Zeat are available.

Revival chair
W555 x D575 x H810 x SH455mm
Packing: 0.410m³, 4pcs/ctn
Stackable

Stackable and made completely of polypropylene (PP), a contemporary material instead of traditional wood, the aptly named REVIVAL chair retains the vintage charm of a much-loved classic design. Give this reinterpreted chair of a bygone era a distinct modern flavour with a choice from a great palette of colours.

Inspired by the American Midwest style and Shaker craftsmanship, the Louvre chair is a lightweight chair with an open backrest. It reinterprets the design of traditional wooden chairs and utilises the quality of modern plastic injection moulding technology. It is a no-nonsense design that is enjoyable and familiar to the user, and at the same time, modern and fun. The Louvre Chair is stackable and can be used indoors and outdoors.

120

Design KIAN

Polypropylene and mild steel combine to present modern sophistication, pure lines and a sturdy, stackable chair in ultra-fresh colours. The 120 chair was inspired by a triangle's inherent strength. Look for the chair's unique feature of three 120° angles, adjacent to each other, forming the joint between the front leg and the chair seat.

T-COLLECTION

Design Hans Thyge & Co

T-chair

W500 x D535 x H750 x SH460mm
Packing: 0.260m³, 4pcs/ctn
Stackable

The combination of integrated arms, a comfortable waterfall seat and an elegant backrest with lumbar support singles out the T-chair as the right choice for a prolonged period of sitting. Light and stackable, with a special stacking bumper that prevents stacked chairs from sliding, the chair is constructed of polypropylene and aluminium or mild steel. The T-4 table mirrors the same air of lightness with its bevelled table top and legs made from slim mild steel tubes. Check out the various options available.

MATERA

Design Enrique Martí

Matera chair
 W610 X D545 X H755 X SH455mm
 Packing: 0.430m³, 4pcS/ctn
 Stackable

If you had to choose just one chair for both indoor and outdoor areas, the Matera chair would be a great choice. Made of a metal frame and LLDPE, the Matera is water-resistant, so using it for all fresco dining poses no problems. It also saves storage space as it's stackable, and the simplicity of its design makes the chair an easy fit anywhere. To have a different feel for indoor and outdoor spaces, just choose a different colour to distinguish between the two sets of chairs.

RAQUEL

Design Morten Georgsen

Raquel lounge chair
 W700 x D700 x H780 x SH370mm
 Packing: 0.464m³, 1pc/ctn

The Raquel Chair draws its inspiration from the mesh and oval shape of a badminton racquet head and adds a dash of daintiness to the design. With its shapely backrest, curvaceous wide-bottomed seat and rounded edges, Raquel oozes feminine appeal and is a joy to behold. The covered-outdoor chair is upholstered in Sunproof outdoor fabric and its mild steel frame is e-coated with outdoor epoxy.

VERITAS

Design Enrique Martí

Veritas chair
W530 x D590 x H780 x SH450mm
Packing: 0.400m³, 4pcs/ctn
Stackable

Named after the goddess of truth in Roman mythology, the Veritas Chair truly gives ease a new meaning. The bigger proportions of this 'traditional terrace' style chair ensure a feeling of roominess and generously add to its comfort. The stackable Veritas Chair is the obvious choice for those who prefer their chair seat to be a little less snug. Made of mild steel with e-coating and outdoor powder coat, metal slats or Artwood slats, this affordable industrial vintage-style chair is designed for shaded outdoor use and is available as Chair, Arm Chair and Barstool.

ELLIPSE

Design Enrique Martí

Despite its lightweight appearance, the Ellipse Chair is solid and strong. Constructed wholly of mild steel, this chair has an appreciably wider girth where the backrest joins the seat. The broad panels are also contoured just right to sturdily cradle even heavy-set persons. See it in a variety of interesting colours.

The Windsor Chair is the inspiration for the classical lines of the Wins Series. The vintage look of the design is simplified and modernised to cater to contemporary tastes.

Curves, contours and lines influence the design of the Wins Table set. Clean and simple in form, the concept is yet distinctive. The universal appeal of the design makes it an easy match with other furniture in any interior space. The Wins Series is available in mild steel.

The traditional ideal of an aluminium and wood chair is reworked in the Adela. Softly rounded edges and a little broader on all sides for extra comfort, this stackable chair with a classic look is a shoo-in for all outdoor terraces. Strong and durable teak wood is used for its backrest and seat. Adela's simple design easily makes it an all-purpose chair, even indoors.

KALEIDOS, STELLA & WESTERN

Design Enrique Martí

Kaleidos table base
 Ø550 x H720mm
 Packing: 0.160m³, 1pc/ctn
 Maximum table top sizes: ☐ 900

As its name suggests, the Kaleidos table base promises fascinating displays of how light reflects off a multi-faceted surface to give delight to the eye. Combining the two contemporary trends of a coarse, sand-casted industrial look with that of faceted surfaces, this single-cast iron table base illustrates the way that even a small shift in angle and position will offer a kaleidoscopic play of light. Kaleidos is available in two sizes and can be combined with a steel, mild steel or even wood column.

LEAF

Design Silvia Marlia

The Leaf Collection is designed as a tribute to nature and to the beauty, geometry and resilience of cactus plants which flourish despite very extreme conditions. Leaf Fan and Leaf Oval, which has a lower seat, are lounge chairs while Leaf Oblong is a slim dining chair. The footrest doubles up as a stool or as a side table to complement the chairs. The family of chairs is inspired by the shapes of leaves.

MASSAI

Design Enrique Martí

Massai chair
W565 x D600 x H790 x SH450mm
Packing: 0.450m³, 4pcs/ctn

Vibrant, oversized and extremely comfortable, the Massai Collection reflects the vastness of Africa. This popular range of chairs has been extended to include a more contemporary lounge style but retains the same ethnic feel, soft surface and extreme comfort. The Collection incorporates the use of EPDM rubber, an extremely durable synthetic rubber membrane that's inserted as a solid rubber infill within the woven fabric to maintain the shape of the back and seat of the chair.

Iota bench

W1110 x D545 x H750 x SH450mm
Packing: 0.589m³, 2pcs/ctn

The reference to an iota as the tiniest bit of something is the inspiration behind the design of the Iota Chair. The chair is so named for the minimal and efficient use of materials, labour and time required to manufacture it. This practical chair fits in perfectly in industrial-style designed spaces. Complementing the unfinished, utilitarian ambience, Iota features a seat and back in Bass Veneer, studded with rivets for added character. The cold-galvanised treatment with epoxy finish highlights distinctive stoppers on the chair's feet. Get the bench and side chair too, all with comfortable waterfall seats. A dining table in the same style is also available.

INICIO

Design John Kelly

INICIO-V

Design John Kelly

The Inicio Series of chairs is crafted from metal and features distinctive V-shaped or horizontal back panels. Choose between an antique brass finish to project a vintage look, or a colourful epoxy finish which gives a high gloss. The epoxy version of the chair is outdoor-treated to prevent rust.

INICIO BISTRO

Design John Kelly

The hallmark feature of the Inicio Bistro collection is the adjustable heights of the bistro stool, highstool, complete with lock mechanisms. Stylish and versatile, the Inicio Bistro Highstool, which does not have a backrest, is the ideal solution for the kitchen or bar area, whatever the height of the counter. The seat can be made of either metal or rubberwood. Finishing is epoxy or antique brass.

BARKAS

Design Hans Thyge & Co

How spectacular a table looks depends on the quality of both its table top and its base. The beauty of the Barkas table base is its classic simplicity, clean look and versatility. Constructed out of cast iron, it also features a mix of surfaces between the column and the raw casting surface of the cross-shaped base. Make your own exclusive versions of the Barkas base for your restaurant or café by choosing various techniques such as painting it with different colours and sanding the top surface.
